SKILLS

Backend Development: NodeJS, ExpressJS

Frontend Development: HTML, CSS, JavaScript, ReactJS, Bootstrap,

Database: MongoDB

Tools Platforms: Vite, Git, GitHub, cPanel

EXPERIENCE

Clazzo Innovations

Full Stack Developer Trainee

Jan 2024 – Jul 2024

Ernakulam, Kerala

- Spearheaded the design and development of multiple static websites, focusing on performance, responsiveness, and user-centered design, leading to a 20% improvement in overall client satisfaction.
- Developed efficient full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js), optimizing code to decrease server load by 30% and enhance application stability.
- Improved SEO and optimized web performance for various static websites, driving a 30% increase in organic traffic and boosting visibility in search engine rankings.
- Designed impactful static landing pages for targeted marketing campaigns, resulting in a 20% increase in lead generation and improved user conversion rates.

CamerinfoLks

MERN Stack Developer Intern

Apr 2023 – Aug 2023

Ernakulam, Kerala

- Developed full-stack web applications with the MERN stack, utilizing React Hooks and state management to create dynamic, responsive user interfaces that enhance user experience.
- Designed and implemented RESTful APIs using Express.js, integrating them with the React front-end via Axios to ensure seamless client-server communication, achieving a 30% improvement in data processing efficiency.
- Created reusable React components and optimized navigation with React Router, leading to a 35% reduction in load times and smoother user interaction.
- Leveraged npm and Node.js to efficiently manage dependencies and build scalable, maintainable server-side applications.

PROJECTS

- Portfolio Website using React:** Designed and developed a personal portfolio website using React to showcase projects and skills.
- Twitter/X Clone using MERN Stack:** Built a Twitter-inspired clone using the MERN stack, TanStack Query, JWT for authentication, and bcrypt.js for secure login. Includes real-time updates and is responsive.
- ToDo List Application:** Developed a ToDo List application using CRUD operations (Create, Read, Update, Delete) with JavaScript for dynamic functionality.

EDUCATION

Anna University

Master Of Coumputer Application

Sep 2021 – Jul 2023 (one backlog)

- Developed skills in data structures and algorithms for real world problem-solving, and Completed a project on predicting crop yields using machine learning.

Bharathiar University

Bachelor Of Coumputer Application

Sep 2018 – Jul 2021

- Developed a solid foundation in computing fundamentals, programming languages, and database management systems.

CERTIFICATES

- HTML, CSS, JavaScript, and ReactJS certified by GreatLearning.
- JavaScript Developer certification from Scaler.

STRENGTH

Code Optimization

Improved performance by up to 55% through efficient code refactoring.

Quick Learner

Quickly adapt to new technologies and continuously expand skill sets.

Problem Solving

Strong in troubleshooting and resolving technical issues effectively.

Team Collaboration

Effective in teams, fostering positive relationships for success.

CODING PROFILES

LeetCode

GeeksforGeeks
